

ERGONOMICS

INTRODUCING THE NEW

AX WHEEL

Round Tread Polyurethane
on Aluminum Core.

ERGONOMIC PRECISION

Albion's NEW maintenance free AX wheel is designed for superior ergonomic performance. Protect your workers from injury! An improper wheel under a heavy load pushed or pulled poses significant injury risk. The resilient 85 Shore A polyurethane makes this wheel glide quietly across even the most debris covered floors, while maintaining the durability to carry loads up to 1500lbs per wheel.

Our wheel treads are chemically and mechanically molded onto a lightweight Aluminum core. Our AX wheels are provided with 2 pcs of a 6203RS precision bearing with top hat spacers for 1/2" bore.

AX WHEEL BENEFITS

- ▶ Ergonomic rounded tread with precision bearings allows for easier maneuvering and reduces your pushing and pulling efforts
- ▶ Designed to roll easily and quietly
- ▶ Capacity up to 1500 pounds per wheel
- ▶ Deflects debris
- ▶ Rounded tread design provides for easier swiveling
- ▶ Non-marking

AX WHEEL | Precision Ball Bearing and Top Hats

Wheel Dia.	Tread Width	Capacity (lbs)	Product Number
4"	2"	800	AXO422808
5"	2"	1000	AXO522808
6"	2"	1250	AXO622808
8"	2"	1500	AXO822808

To specify **Rigid** or **Swivel**, insert "R" or "S" at the end of part number. For example: **41AX08228S** and **41AX08228R**

41 Series Spring Loaded

This spring-loaded caster features SpringGuard.™ The spring is not exposed, instead it is protected by a urethane guard for additional safety.

41 Series AX (28 Precision Ball Bearing)					
Wheel Dia.	Tread Width	Capacity (lbs)	Overall Height	Swivel Lead	Product Number
6"	2"	800	7 7/8"	2"	41AX06228
8"	2"	800	10 1/8"	3 1/8"	41AX08228

68 Series Heavy Duty Towing

Specifically designed for rugged use, this series is exceptional for towing and impact applications when durability is needed. Special construction provides a maintenance free swivel section

68 Series AX (28 Precision Ball Bearing)					
Wheel Dia.	Tread Width	Capacity (lbs)	Overall Height	Swivel Lead	Product Number
6"	2"	1250	8 1/4"	1 3/4"	68AX06228
8"	2"	1500	10 1/4"	2 5/16"	68AX08228

110 Series Contender™ Kingpinless

Designed for heavy duty applications exposed to a high amount of wear and tear. "Stamped Steel" fully heat treated construction is more durable than competitor's case or induction hardened construction.

110 Series AX (28 Precision Ball Bearing)					
Wheel Dia.	Tread Width	Capacity (lbs)	Overall Height	Swivel Lead	Product Number
4"	2"	800	5 5/8"	1 3/16"	110AX04228
5"	2"	1000	6 1/2"	1 3/8"	110AX05228
6"	2"	1250	7 1/2"	1 9/16"	110AX06228
8"	2"	1500	10 1/8"*	2 1/4"	110AX08228

170 Heavy Duty Kingpinless

Designed for heavy duty applications exposed to a high amount of wear and tear. Durable construction for abusive applications.

170 Series AX (28 Precision Ball Bearing)					
Wheel Dia.	Tread Width	Capacity (lbs)	Overall Height	Swivel Lead	Product Number
4"	2"	800	5 5/8"	1 3/16"	170AX04228
5"	2"	1000	6 1/2"	1 3/8"	170AX05228
6"	2"	1250	7 1/2"	1 9/16"	170AX06228
8"	2"	1500	10 1/8"*	2 1/4"	170AX08228

*9 1/2" OAH available for 8" model, add O1 to end of part number. For example: **170AX08228R01**
